Helpful Hints:

Label Everything!

We cannot stress this enough. We always end up with extra pillows, socks, t-shirts, etc

Pack Enough!

Be sure to pack for 5 days and include extra items if you know your CIT may need them (underwear, socks, etc).

Pack down time materials!

Books, magazines, walkman, drawing material (etc) are good ideas for the bus rides and during down time each day at camp. Just make sure that they're labeled.

Cabins:

Campers, CITs and counselors are in the same cabins and we split the cabins up by gender. Club Getaway cabins are air conditioned, the beds have sheets, pillows and comforters on them.

Meals:

Meals are served family style three times a day. If your CIT needs any special food or snack items due to allergies, etc., please let us know and pack the necessary amount.

Programming:

Day programming: Our camp will be on a specific individual schedule during the day as there will be many other groups at Club Getaway. The activities will be lead by Club Getaway staff in conjunction with Camp Echo Bridge Staff. Our Camp Directors work with Club Getaway staff on setting up a schedule that is most appropriate for our CITs to ensure that they are having fun and staying safe.

Evening programming: In the evening, Club Getaway generally has joint activities for all of their camps i.e. Game Show, Getaway Madness, Karaoke, and DJ Dance Party. As this is our fourth year at Club Getaway we have a great understanding of all of the great activities and what works for CEB. We will of course schedule a few Camp Echo Bridge campfires as well.

Camp Nurse/Medical Needs:

We will have a nurse come with us on the trip. If we do need a medical facility we will utilize New Milford Hospital, which is approximately 20 minutes away.
